

New SRC and Bronze Medallion

Overview of key changes

NEW Curriculum

- Removal of emergency care and patrol operations from the SRC curriculum
- Increased emphasis on safety and wellbeing and risk assessments
- Addition of new spinal management procedures
- Inclusion of the use of tourniquets
- Removal of the use of oxygen
- SRC participants will now receive four (4) units of competency

NEW Online Manual

- Digital PSAR35 manual with interactive features and an enhanced search function, accessed through the new SLS Publications app

NEW Learning Resources

- New interactive modules with badges and medals to drive engagement
- Blended learning with a much more integrated approach to support the learning journey
- Specific lesson plans to support three (3) different formats of learning delivery
- New activities and scenarios to support engaging delivery

NEW Assessment Approach

- Online theory assessments which are automatically marked
- More realistic scenario-based assessments
- Clearer performance criteria with observation checklists

The Pathway

Surf Rescue Certificate (SRC)

Bronze Medallion
