

# GEAR AND EQUIPMENT LIST

SURF LIFE SAVING AUSTRALIA

# ABOUT GEAR AND EQUIPMENT

## SLS CLUBS AND SERVICES

Any gear and equipment used by SLSA affiliated clubs and services for the purposes of frontline surf lifesaving must be endorsed by SLSA and listed in this document.

This is to ensure that members are using equipment that is of the highest industry standard, fulfils operational requirements, and is safe to use.

SLSA affiliated clubs and services using equipment that is not endorsed and listed as approved should be aware that they may be susceptible to any possible insurance and litigation issues resulting from an incident.

This list is current as of the 14 July 2023.

## SUPPLIERS AND MANUFACTURERS

Any new or modified gear and equipment that is to be used for frontline lifesaving operations may undergo an evaluation process.

These evaluations are to ensure the equipment is of the highest industry standard, fit for purpose, and does not present any intolerable secondary risk to members.

No officer, member, supplier or manufacturer has the authority to change specifications, introduce rescue equipment or modify existing approved rescue equipment without the written approval of the SLSA.

Suppliers or manufacturers wishing to have their equipment evaluated by SLSA should contact the SLSA Coastal Safety Team.

# SIDE-BY-SIDE VEHICLES (SSV)

MANUFACTURER/MODEL

PRODUCT INFORMATION

IMAGE

Australia's #1 supplied side-by-side vehicle to Surf Life Saving services.  
Supplied as a turn key, with SLSA Surf Kit supplied and installed from BRP dealers.

## Can-Am Defender

DPS  
XU  
MAX DPS (6-seats)  
DPS PRO (Pick Up)  
6x6 DPS

SUPPLIER/S  
[BRP Australia](#)

### All models:

- HD7/HD9/HD10 engine options (only select packages)
- Towing Capacity 1,134kg – Best in Class
- Pay Load 680kg
- Side Doors Standard
- Speed Reductions Dess Keys (40Km/70Km/90km)
- Seat belt Speed reduction when not connected

### DPS PRO

- 4.5x6ft cargo box

### 6x6 DPS

- 6 wheels for more traction

### Surf Kit (supplied):

- SLSA Approved Decals
- Long tow hitch and Ball
- Reversing Beeper / LED 360 Light ISO Approved
- Coupler Tec
- Horn
- Panoramic Rear Vision Mirror
- Key Safety Features for SLSC
- ROPS approved

## Can-Am Commander

## IMAGE

**Yamaha**

**FX HO  
GP1800R HO  
VX HO Cruiser  
VX**

SUPPLIER/S  
[Yamaha Motor Australia](http://www.yamaha.com.au)

### All Models

- RiDE (Reverse with Intuitive Deceleration Electronics)
- Deep V Hull, with excellent stability for 3 up riding
- 155mm Axial Pump
- Fuel Capacity: 70L

### Yamaha FX HO

- 4 Stroke, 1.8L 4 Cylinder DOHC 16 Valve Engine
- Adjustable steering column w/ electric trim and Cruise assist
- Low Maintenance Open Loop Cooling
- Storage Capacity: 168L

### Yamaha GP1800R HO

- 4 Stroke, 1.8L 4 Cylinder DOHC 16 Valve Engine
- Low Maintenance Open Loop Cooling
- 155mm High Pressure Pump
- Storage Capacity: 107L
- Top Loaded intake grate and Ride Plate

### Yamaha VX HO Cruiser

- 3-person seat
- 1812cc high output engine
- Lightweight Nanocel material hull
- Cruise assist and no wake mode
- Storage Capacity: 114L
- Multi-function display

### Yamaha VX

- 3-person seat
- 4 Stroke, 3 Cylinder DOHC 12 Valve, TR-
- High Output Engine
- Low Maintenance Open Loop Cooling
- 155mm Axial Pump
- Storage Capacity: 114L

- All certified level 50 Australian Standard (AS4758) life jackets are approved for IRB competitions, these must be in high visibility (conspicuous) colour. This includes "Type 2" AS 1499-1996.
- Note. Level 50S lifejackets that do not meet SLSA brand guidelines are not permitted
- Those listed below are approved for lifesaving operations and IRB competition

**PLEASE NOTE:** PPE currently has not transitioned into the new Compliance Program until the completion of the PPE Project.

## OTHER EQUIPMENT

- Before purchasing equipment, ensure that it meets State/Territory policies and standard operating procedures.
- The equipment listed below is a non-exhaustive list of items that may be applicable under the Beach Safe Equipment Fund.
- These items can be sourced from any supplier that the club deems appropriate.

<b>Patrol Equipment</b>	<ul style="list-style-type: none"> <li>• Patrol Tent</li> <li>• Patrol/IRB Trailers</li> </ul>
<b>Radios &amp; Accessories</b>	<ul style="list-style-type: none"> <li>• Radios (<i>Must be approved by the appropriate State or Territory</i>)</li> <li>• Radio chargers</li> <li>• Radio cases (<i>Refer to patrol accessories for approved cases</i>)</li> </ul>
<b>Tablet Computers/iPad</b> <i>*Ensure equipment meets State/Territory policies and standard operating procedures</i>	<ul style="list-style-type: none"> <li>• Tablet device</li> <li>• Charger</li> <li>• Covers</li> </ul>
<b>Defibrillator Equipment</b>	<ul style="list-style-type: none"> <li>• Pads</li> <li>• Batteries</li> </ul>
<b>General First Aid Supplies</b> <i>*Non-exhaustive list</i>	<ul style="list-style-type: none"> <li>• Bandages</li> <li>• Saline</li> <li>• Dressings</li> </ul>
<b>Personal Protective Equipment – Emergency Response Groups</b>	<ul style="list-style-type: none"> <li>• <i>Please confirm requirements with your respective state/territory</i></li> </ul>

**PLEASE NOTE:** Any gear and equipment that has not been covered by these lists should be cleared with the SLSA Coastal Safety Team prior to purchase.
